

About Ann

We receive messages in everything that happens. After the loss of both parents in a matter of two years, Ann was reminded of the importance in spending time with those you love and doing what you love to do. It seemed the logical and perfect step to turn her life-long passion for nature into something shared with others. In 2007, **Flowerscapes by Ann** was launched allowing Ann's creativity to grow well beyond her own garden.

Whether it's sun or shade, annual or perennial, flower or just foliage, Ann loves designing with different combinations to craft unique planter arrangements for you. She believes there is great healing and positive energy for all of us in nature. Appreciating that beauty and sharing it with family and friends, whatever the season may be, is one of her greatest comforts and joys in life.

Ann lives in Eagan with her husband Mike, teenage kids Katie and Evan, and Golden Retrievers Suzy and Bella.

FLOWERSCAPES

by Ann

There's nothing more breathtaking than the beauty of nature. Let your home welcome you and your guests with the season's best offerings. Now you can easily be one of "those" homes that all your neighbors admire and you don't have to have a green thumb. Whether it's a little extra color on your rails, a fun holiday display on your doorstep or an elaborate statement in your entryway, **Flowerscapes by Ann** can do it for your home or business!

Flowerscapes by Ann is a custom service that will create unique and dramatic planter arrangements that capture all of Minnesota's ever-changing seasons. I will come to your home or business and, using your own pots, planters, urns, whiskey/wine barrels or window boxes, design a display to fit your decor for one, two or three planting seasons (Spring/Summer, Fall, Winter/Holiday) each year. The designs can be as simple or elaborate as you desire and I use only the finest and freshest products to ensure lasting beauty throughout each season.

You can put down those gardening gloves, forget the bags of dirt, and don't even think about hauling another expensive, heavy pot from the nursery. Spend your time enjoying the seasons!

Spring/Summer: It's what we wait all winter for! So many varieties to choose. From traditional Geraniums, Daisies, Petunias, and Verbena, to the new amazing colors of Coleus, or even the exotic tropicals - the combinations are endless!

Fall: Fall's plethora of rich colors and hues glorify nature's wisdom. Transform the tired summer pots with spectacular Mums, Asters, Flowering Kale and decorative Peppers. The colors displayed in your fall planters will complete the fall décor, be it pumpkins and cornstalks or witches and scarecrows.

Winter/Holiday: It is what Minnesota is known for. The crisp, clean air; fresh aromatic greens; twinkling lights and festive colors make the holidays memorable. Welcome yourself and your guests home with Spruce Tips, White Pine, Red Dogwood, Port Orford Cedar, Juniper, and Holly just to name a few.

Spring/Summer Price List*

- 12-16" Planters begin at \$40
- 18-22" Planters begin at \$65

Prices are dependent upon plant selection. Please see website for additional current and seasonal prices.

* Additional features such as lights, weather-proof seasonal ornaments, pumpkins, Indian corn, vine balls, glittered twigs, etc. can be added to any planter. Get creative!

Winter Storage Option

For those clients choosing to have **Flowerscapes by Ann** provide all three seasons of service, winter storage of planters will be provided at no charge. When you are finished enjoying your winter pots, simply contact us and they will be picked up and stored for the remainder of the winter. Planters will then be returned in the Spring with fresh, new soil and beautifully planted flowers.

Flowerscapes by Ann serves the Twin Cities Metro areas. Please call to discuss your location and needs.
